In response to the FEC's August 16, 2015 Request for Additional Information from the American Society of Interventional Pain Physician PAC (ASIPP PAC), C00351197:

The following amounts were deposited into ASIPP PAC in error and were actually contributions and/or membership dues intended for ASIPP (the organization, not the PAC):

11/25/14 - Dr. Jonathan Kuo for \$365.00 to ASIPP

12/9/14 - Dr. Tejas Parikh for \$650.00 to ASIPP

Total = \$1,015.00

As seen on the Mid-Year Report, a check was written in January 2015 from ASIPP PAC to ASIPP to correct this error, and move the \$1,015.00 out of the ASIPP PAC account and into the proper ASIPP account.

Per a conversation on August 19, 2015 with Maureen Benitz, Sr. Campaign Finance & Reviewing Analyst, Ms. Benitz advised

that a Form 99 including names, dates, and contribution amounts for the accidental deposits would be a sufficient document to file to provide the additional information to the FEC.
